RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Sir:

This is in response to the Notice of Non-Compliant Amendment mailed February 15, 2005 for the subject application.

A revised listing of the claims in the Preliminary Amendment filed on September 8, 2004 is submitted herewith in accordance with paragraph 4.C and D. of the Notice. In particular, claims 15-28 indicate the proper status identifier --new--.

In addition, applicants filed a Second Preliminary Amendment on December 17, 2004 for entry in the subject application. Applicants respectfully point out that the status identifier for claims 16 and 18-28 incorrectly indicates "original" instead of --previously presented--. Applicants therefore submit a revised complete listing of the claims to indicate same.

Favorable action on the present application is respectfully requested.

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as First Class Mail in an envelope addressed to: Mail Stop Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on March 11, 2005:
